Eager to leverage academic knowledge and practical experience to contribute effectively and drive organizational success.

## WORK EXPERIENCE

---

**Mindtree** • Internship • 02/2023 - 05/2023

### Java Developer

- Successfully completed a 3 month internship program, which encompassed three distinct milestones. Achieved an impressive overall performance rating of 85%, culminating in the receipt of a prestigious completion certificate.

## EDUCATION

---

### B.Tech : Computer Science Engineering

Gayatri Vidya Parishad College Of Engineering • Visakhapatnam, Andhra Pradesh, India • GPA: 8.05  
• 01/2019 - 09/2023

### Intermediate : Mpc

Narayana Junior College • GPA: 9.63 • 01/2017 - 12/2019

### Secondary Education

Sri Venkateswara Vidya Peeth • GPA: 9.2 • 01/2016 - 12/2017

## CERTIFICATIONS

---

### Java

02/2022 - 05/2022

## SKILLS

---

Object Oriented Programming, SQL, Python, Hypertext Markup Language, Java, Cascading Style Sheet, JavaServer Pages, Reactjs, MongoDB

## PROJECTS

---

### University Recommendation Application

01/2023 - 04/2023

Our dynamic team of four collaborated to create a cutting-edge application using Flutter and Dart

programming languages. This innovative app is designed to assist students in finding the most suitable universities in close proximity to their location. By leveraging the power of Flutter's cross-platform capabilities and the efficiency of Dart, we crafted a user-friendly tool that streamlines the university search process for students. Our project showcases a seamless blend of technical expertise, teamwork, and a genuine commitment to enhancing the educational journey for aspiring scholars.

### **Daily Route Planner**

Designed and developed a Daily Route Planner application using Google Maps API and the Traveling Salesperson Algorithm to optimize travel routes for multiple destinations

It helps in generating the most efficient route based on factors such as distance, traffic, and time constraints

### **Stock Market Prediction**

Trained the data using the LSTM algorithm to Predict the Future Closing prices of the Stocks.

## **VOLUNTEERING & LEADERSHIP**

---

### **GVPCE**

02/2021 - 08/2022

As an active member of my college's ROTRACT club, I contributed to various informative programs aimed at educating communities, particularly in rural areas. These initiatives focused on disseminating crucial knowledge, such as the importance of wearing helmets and the hazards associated with storing rainwater in mud-based containers, etc. It was truly fulfilling to be a part of these efforts to empower individuals with essential information for their safety and well-being.
